3. He's
4. And
5. —

2. He discovered, that the moon's a silvery fish
 swimming through the sea of night inside a crystal dish.
 And all the starfish stars are shining merrily -
 And the Earth is a seashell - in the sea.

3. He's braved the storms of Oberon. And once on Mars -
 he sailed the chartless Red Canals - and fought the Minotaurs.
 He ran the Cosmic Wind - and when he came about
 he rode the Rainbow Wave behind the Rainbow trout.

4. And when he sees the coral sun rise in the sky -
 he sets a course for Scorpio - west of Gemini.
 And if you see a star, that's falling all alone -
 it's the Morning Star and Jubal - sailing home.

5. Jubal has a sailing ship - And every night
 he climbs aboard the Morning Star to see she's snug and tight.
 Sometimes he sails the hidden Bay of Mercury -
 and when he comes home - we'll have a jubilee!
